

FROM FORTY-FIVE TO SIXTY

A Word of Help to Women of Middle Age From Mrs. Raney.

Morse, Okla.—"When I was 45 years old Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life in safety. I am over 60 and have raised a family of eight children and am in fine health. My daughter-in-law recommends your Vegetable Compound and still take it occasionally myself. You are at liberty to use my name if you wish."—Mrs. ALICE RANEY, Morse, Oklahoma.

Change of Life is one of the most critical periods of a woman's existence. This good old-fashioned root and herb remedy may be relied upon to overcome the distressing symptoms which accompany it and women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Wearing of Gloves.
Gloves were used as far back as the time of the cave dwellers, but they were not worn by all classes of people until the sixteenth century.

WHOLESALE PRECEDENTS

Judge Manson, on the Kentucky side, and Judge Bernard Fox, of Cincinnati's Municipal Court have set salutary precedents in meting out jail sentences in especially flagrant cases of reckless driving. For instance, Judge Manson gave a sentence of thirty days to a "business man" who, in crossing the Suspension Bridge, knocked two automobiles out of his way and came to a halt only when a stone wall remained obdurate to his persuasion. These jail sentences should act as a deterrent. The reckless driver must go. The public has a right to be protected against the fool with his hand on a steering wheel and his foot on an engine of enormous power. And the only way to accomplish this protection is to "park" the reckless driver in a cell. There he may statically muse on the fact that the race is not to the swift.

DECATUR MAN HAS GAINED 20 POUNDS

L. M. Owens Says Tanlac Has Completely Overcome His Long Standing Stomach Trouble.

"Since I started taking Tanlac I have gained twenty pounds in weight and no longer feel like the same man," said L. M. Owens, of 337 N. Broadway street, Decatur, Ill.

"For six years," continued Mr. Owens, "I suffered with a mighty bad stomach trouble. My food would always sour on my stomach. I would beat all up with gas, my tongue was coated all the time and I would wake up in the morning with a mean and sickening taste in my mouth and with burning pains in my stomach. I had distressing headaches, my nerves were shattered, and I often woke up in the night with burning pains in my stomach. I never knew what it was to get a good night's sleep and got up in the morning as tired as if I had just finished a hard day's work. I could not walk even a short distance without feeling completely exhausted and often when I got up from my chair would almost fall."

"At last I got a bottle of Tanlac and after the first few doses my appetite picked up and soon I was able to sit down to the table three times a day and eat a hearty meal. I kept on taking the medicine until now I am as well as I ever was in my life. I eat whatever I want and never have a touch of indigestion. I am never troubled now with gas or burning in my stomach and the disagreeable taste left my mouth. I never have a headache or feel nervous and I now sleep as soundly as I ever did."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

BOURBON FARMING CONDITIONS.

Matters on the farms are "looking up," in view of the excellent fall weather of the past week. Wheat sowing has been in progress without interruption. There will be an increased acreage over that of the preceding year. Corn cutting is progressing rapidly and silos are being filled. The corn crop is a big one.

The tobacco crop is in fine shape for stripping, which only waits on a season of moisture. There will be plenty of tobacco on hand for the opening sales of the Paris market in December. There has been a let-up in livestock shipments due to descending prices, there being no demand for horses and mules from the Southern markets.

Country produce is plentiful, but steady in price. Many vegetables and fruits have passed off the market. Eggs are firm at fifty-five cents a dozen and butter at the same price.

Doctor Cupid

That love sometimes cures disease is a fact that has been called to the attention of the public by a prominent physician. Love is not, however, the cure for all women. Many a woman is nervous and irritable, feels dragged down and worn out for no reason that she can think of.

Doctor Pierce's Favorite Prescription gives new life and new strength to weak, worn-out, run-down women. "Favorite Prescription" makes weak women strong and sick women well. It is now sold by all druggists in the United States in tablets as well as liquid form.

Send 10c to Dr. Pierce, Buffalo N.Y., for trial pkg. of the tablets. NASHVILLE, TENN.—"I have used Dr. Pierce's Favorite Prescription and found it to do what it is recommended to do. It did me more good than the doctors. I had several and none of them did me any good. Dr. Pierce's Favorite Prescription is the only thing for weak, broken-down women. I felt like a new woman after taking it. I weighed 155 lbs. and never felt better in my life."—MRS. AGNES TATUM, 175 L. Green St.

AN APPEAL FROM DESTITUTE CHILDREN

For years, since its organization in 1895, the Kentucky Children's Home Society has done a wonderful work in helping the State provide for its destitute children. It has taken those waifs, which have been turned over to it by County Judges, in all parts of the State, and found good homes for them, where they have either been legally adopted or reared under the careful supervision of the Society until they became or age. It gives refuge to homeless children which are somehow missed by church homes and lodge homes. It takes them at all ages—from infants to adult boys and girls.

The work has grown until the present home in Louisville, but poorly equipped at best, and composed of buildings which were one-time residences and never intended for an orphanage, is very inadequate. It is terribly crowded all the time and this deplorable condition makes it impossible to receive more children until a larger institution is provided. In the meantime, the homeless, neglected and mistreated children of the State must continue to suffer in their wretched environments or be placed in county poor houses where they will be little better off.

To remedy this evil, a campaign is in progress in every county in the State to raise funds to build a new home on an eighty-six acre farm about ten miles east of Louisville. The money is being obtained largely through the public schools, and the proposed village of cottages is to be a gift from Kentucky children with good homes to their destitute brothers and sisters.

Bourbon's quota is \$5,000, of which \$2,000 has been secured. Let us all give substantial aid to this most necessary charity and see that the county does not fall short of its apportionment this fall. The buildings are to be erected in early spring of 1921, therefore it is hoped all money will be turned in to the society before the first of the year.
